The 16-19 tuition fund 2020-21

Aims of the fund

The 16-19 tuition fund is additional funding to mitigate the disruptions to learning caused by the coronavirus pandemic. We have been allocated a total of **£7,343** for the academic year.

Our priority is to support those students who have not yet achieved a grade 4 or above in GCSE Maths and/or English. In addition, we wish to support students who have met this standard but wish to improve their grade to a 5 or better. This will be achieved through a combination of providing additional teaching/tutoring time and additional resources.
